

About our client

Our clients, comprising healthcare centers and hospitals in Finland, are uniting to create a formidable and collaborative healthcare coalition. This united effort is aimed at enhancing patient care, optimizing operational processes, and fostering innovation to effectively tackle healthcare challenges. Through the consolidation of their strengths and expertise, these healthcare facilities are advancing medical services, ultimately raising the healthcare standards for the benefit of patients and the nation.

Job Description

Job Title - Caregiver

- The work of an Assistant nurse may include assisting residents with daily activities, such as eating, washing, dressing, cleaning, and taking care of a wide range of matters.
- The Assistant nurse supports residents in maintaining their functional capacity, for example, as outdoor recreation, as a discussion companion, and, together with the team, carries out sports, crafts, music, or game activities.
- The duties of an Assistant nurse often include both direct customer work and indirect support work, such as meal service tasks.
- The organization is seeking dedicated and compassionate individuals for roles as Geriatric / Palliative Caregivers.
- The primary objective of the role is to provide essential care and support to elderly or palliative patients.
- Goal: Improve the patient's quality of life and ensure their comfort and overall well-being.
- Caregivers are expected to adhere to standard caregiver requirements, including:
 - Bedpan assistance
 - Fundamental understanding of anatomy
 - Providing comprehensive support for the patients
