

About our Client

As an integral part of the NHS, Cambridge University Hospital, one of the largest hospitals in the UK, is dedicated to delivering expert patient care at the local, regional, and national levels. Recognized as a leading national center for specialist treatment, a government-designated comprehensive biomedical research center, and one of only five academic health science centers in the UK, CUH is a globally acclaimed university teaching hospital. With a capacity of 1,268 beds, the trust provides acute and specialized healthcare to the local Cambridge population and offers services for rare or complex conditions on a regional, national, and international scale. Cambridge University Hospital is at the forefront of significant biomedical research, particularly in organ transplantation, cancer, neuroscience, pediatrics, and genetics.
